

## **PRESS RELEASE**

### **FOR IMMEDIATE RELEASE**

### **Project 794 is cruising to the finish line**

Rendsburg/Kiel, Germany – 26 June 2019. **Following a successful keel laying ceremony on 26 June 2019, NOBISKRUG is pleased to announce that five-decked 62-metre Project 794 is on course to meet its much-anticipated completion date in spring 2021.**

The ceremony, which took place in Nobiskrug's renowned keel-laying premises in Kiel, marked a milestone stage within the build. Attended by a raft of well-wishers who enjoyed a wave of maritime traditions, such as the coin-insertion ceremony and the symbolic commencement of the hull build, the event also signalled the official next phase of the project.

Project 794 is a performance-driven, high-volume yacht. Exterior designed by renowned studio Espen Øino International, the yacht benefits from multiple layers of creative detail that beautifully fuse contemporary elements with a timeless appeal. Expansive exterior deck spaces are paired with a generous open-plan layout, all contained within five luxurious levels.

Imperial acted as Broker for the sale and continue as Owner's Representative and Construction Supervisor throughout the entire build. Evgeniy Kochman, Imperial Director, comments: "Project 794 marks the third yacht to date that we at Imperial have collaborated on with Nobiskrug. As always, the success of the build so far pays testimony to the great working relationship that we have always been

privileged to enjoy with the yard over the years. Combined with the vision of Espen Øino International, and underpinned by our experience in the construction of luxury superyachts, we are thrilled to form part of the excellent team that will soon deliver another incredible Nobiskrug superyacht."

The elegant design language continues throughout, from the wellness area with a 7m glass walled pool to the large tender garage with room enough for two tenders, not to mention a rescue boat and a treasure trove of watersports toys.

"Project 794 promises to be another fantastic addition to the Nobiskrug fleet of superyachts," says Holger Kahl, Managing Director at Nobiskrug. "Thanks to the very good ongoing relationship that we enjoy with Imperial and the expertise of the entire build team, the yacht remains on track for its highly anticipated delivery", adds Kahl.

#### About NOBISKRUG

Celebrating its 114<sup>th</sup> birthday, NOBISKRUG has been involved in shipbuilding since before the term superyacht was even coined. Drawing upon its extensive experience in building seagoing vessels, NOBISKRUG turned to yacht building completing its inaugural project in 2000 with the 92m Tatoosh. Since then, NOBISKRUG delivered a select portfolio of innovative custom-built superyachts, reflecting the company's pledge to concentrate on one single project for one single client and build superyachts that will last for generations to come.

The shipyard can cover a building range from 60 to 426 meters, which is the maximum size of the dock available. Over 900 in-house employees work at the shipyard's two facilities in Northern Germany, where they have developed and built numerous internationally award-winning superyachts. With the delivery of the "Sailing Yacht A", the German shipyard once again confirmed their powerful presence among the leading superyacht builders.
